WOMAN BREAKS HIP IN FALL, CAUSES DEATH

PNEUMONIA DEVELOPS AFTER
ACCIDENT IN SON'S
HOME JAN. 20

INQUEST IS HELD

Funeral Services For Mrs. Ozelda
Patnaude, 72, Will Be
Held On Friday

Coroner Octave J. Cartier conducted an inquest this morning into the death of Mrs. Ozelda Patnaude, age 72, who died last night at St. Mary's hospital. The jury decided the aged woman died of typhoid pneumonia caused by a broken hip which she suffered in a fall Jan. 20.

Mrs. Patnaude fell as she was getting up from the dinner table at the home of her son, Victor, at 1103 South Fifth avenue. She was treated by a physician and three days after the fall her condition grew worse and she was removed to the hospital. Hypostatic pneumonia caused by broken bones and severe body injuries, developed Dr. E. S. Hamilton and Victor Patnaude were the only witnesses at the inquest.

Mrs. Patnaude was born at L'Erbable, Aug. 13, 1857. She was married at L'Erbable in 1881 to Isaac Patnaude, who survives her. To this union eight children were born, five of whom survive. Mrs. Patnaude was a daughter of the late Alec and Rose Marcotte.

HEAVY SNOW AT NATIONAL CAPITAL

Washington, Jan. 30.—(AP)—A driving snow storm which almost brought traffic to a standstill failed today to keep the President of the United States from reaching his office on time—nine o'clock.

More fortunate than most of the city's workers, Herbert Hoover had little more than a block to go from the White House to his temporary office in the State-war department building and by using an automobile he arrived without getting his feet wet.

The snow, which by mid-morning had reached a depth of about nine inches, was falling without sign of abatement.

The snow was the heaviest since the blizzard of 1928 and gave promise of equalling if not surpassing that mark.

GROUPS WILL CONTROL ALL TRADE SOON

BUSINESS, HOWEVER, IS NOT
IN BAD CONDITION
AT PRESENT

SAYS CLUB SPEAKER

Many Attend Rotary Gathering
At Noon Today; Radio Stars
Here Next Week

"We are hearing a great many calamity stories about business this winter, but the truth were generally known it would be found that business conditions are nowhere near as bad as they are represented to be and the outlook for the immediate future was never brighter," said John N. Van der Vries, manager of the Central division of the U. S. Chamber of Commerce, in his address to the Rotary club at the Hotel Kankakee this noon.

"Think" of the vast millions of people who are at present uncivilized but who are becoming civilized slowly. I speak of China, India and the South American wildernesses. It isn't very long before these people are going to want bath tubs, telephones, radio, automobiles and all the other things that go with civilization and will want these things from America which produces them like no other nation can."

Business is undergoing a constant change, night and day. It has been going through this ever since the war when the market changed from the sellers to the buyer's advantage because of the war-time inflation.

Groups Growing

"The group idea in business is found everywhere today. It is the only solution of the present situation. You can't solve an economic situation with laws—only by intelligent discussion and cooperation of everyone connected with an affected business."

Where did President Hoover go when the stock market crashed last fall and threatened the nation with dire calamity? He did not go to Congress and ask that body to pass laws. He went to the heads of organized business and there found the remedy."

Mr. Van der Vries, twice president of the Chicago Rotary club, also spoke on the relation of Rotary to modern business. He was introduced by N. J. Ziener, program chairman. A large number of businessmen attended today's meeting to hear the speaker whose talk was very well received. A venison dinner preceded Mr. Van der Vries' talk.

Radio Program

Henry W. Conrad, program chairman for February, announced that Bill Hay, premier announcer of Radio Station WMAQ, Chicago, will be the attraction at next week's meeting with a possibility that Amos and Andy, renowned radio comedians, will also be part of the program.

President Foley announced that during the month of December the Kankakee Rotary club ranked in third place among the United States, Canada and Newfoundland in point of attendance with an average of 99.11. Seven clubs had 100 per cent and Boulder, Colo., was second with 99.89.

The Rotary club room at St. Mary's hospital has been furnished and is now ready for inspection. A letter of appreciation for the club's action in donating the furnishings was received from Reverend Mother St. Clair.

HOLTMAN PREDICTS SNOW FOR FEBRUARY

Orto Holtmann, Kankakee weather forecaster, predicts for the first week in February, heavy snows with drifts and blockades in many points, with low temperature below zero.

For next Sunday it will be overcast weather with snow, with temperature around zero. He predicts a cold blustery February.

This forecast was asked by Supervisors of Highways and City Commissioners.

Corley, both of Chicago, are expected to be brought back to this city today or tomorrow in answer to a charge of "jumping" their room rent at the Lafayette hotel, in violation of the Inn Keeper's Act. Corley is a Peruvian, and Martin is from St. Paul, Minn. It is expected that Chief of Police Riley and Sheriff Ed Hoennicke would go after them today.

Warrant for the arrest of the two men was issued yesterday by Judge Bert L. Fitzgerald at the request of Marcel Desmarieau, proprietor of the hotel. According to the police, the two rent bills amount to about \$80.00.

TEACHERS ARE ENROLLING IN VIATOR CLASS

HAVE PREFERENCE FOR THIS
WORK OVER SUMMER
COURSES

STARTS FEBRUARY 3RD

Classes Held Twice A Week At
The Departmental School
Building

A number of teachers in Kankakee and surrounding territory have signed their intention of registering in the new St. Viator college extension school, which will open Monday evening, February 3, in preference to leaving Kankakee to attend the out-of-town summer schools.

Inasmuch as the local collegial institution offers the same anti-varsity credit as is given elsewhere, Kankakee instructors see in the new courses a distinct economic advantage, as well as a saving of time. St. Viator has selected and secured the use of the Departmental school in South Indiana avenue for the night classes, this building being especially desirable because of the central location.

Reports from the Chamber of Commerce and the registrar of the college show that the registration, while not exceedingly large, will nevertheless surpass all anticipations. In compiling the returns of the survey made a few weeks ago by the Chamber of Commerce, it was found that four courses were desired: English, rhetoric, French, sociology and public speaking. Mathematics, business principles, and appreciation of modern literature were mentioned on many of the returned questionnaires, but the requests were considered too few to warrant the offering of these subjects this semester.

Twice A Week
Classes will convene every Monday and Friday evenings from the opening date, with the exception of the spring recess from April 18 to 26 to June 6. The University of Illinois will recognize two semester hours of credit for each course taken by high school graduates, and the hours of classes have been arranged as to allow registration for four hours of credit work if so desired.

PAUL RABIDEAU IS GIVEN SENTENCE OF 7 MONTHS IN JAIL

East St. Louis, Ill., Jan. 30.—(AP)—Paul Rabideau, of Kankakee, who was convicted of a prohibition violation in federal court here last week, was sentenced to seven months in prison and fined \$250 when he appeared before Judge Wham yesterday.

Rabideau was among the 18 Kankakee county men arrested in the federal raids in Kankakee county late in November. After being found guilty last week Judge Wham permitted him to return to Kankakee for a week to close up his business affairs before receiving his sentence.

NIGHT WATCHMAN KIDNAPPED AND AUTO IS STOLEN

John Schriener, night watchman at the Schleff Brothers garage at Chicago, Ill., was kidnapped and later released early this morning by highwaymen who stole an automobile from the garage.

About 5 o'clock, the three men entered the garage and overpowered the watchman. After selecting a Ford model A sedan, they forced Schriener to accompany them. About two miles north of Chicago, on state highway 25, they abandoned him and told him to walk back to town. No firearms were shown by the three men.

After walking back to Gilman, the victim gave the alarm and a warning was sent to the Kankakee police. By that time, however, the highwaymen had plenty of opportunity to escape and nothing more has been heard of them.

The car was the property of Art Basso of Gilman and carried Illinois license number 278-963.

PRESBYTERIANS IN CELEBRATION OVER CHURCH ADDITION

Last night's celebration and dedication of the new additions and improvements of the First Presbyterian church brought together a large assemblage of the members and friends of the congregation and proved to be one of the most successful events in its history.

Considerably more than three hundred guests were served at the tables, until all the supplies from the new kitchen were exhausted, and the committee in charge were obliged to fall back upon the McBroome cafeteria for reinforcements rather than disappoint the remainder of their patrons. Mrs. Harold Haigh and her capable staff of assistants deserve the highest commendation for their excellent menu in honor of the occasion. Mrs. W. C. Babst and Mrs. Dana Tewksbury were in charge of the tables, and with a corps of the young ladies of the congregation rendered excellent service. Mrs. Fred G. Snow was the efficient head of the treasury department. The Godard orchestra, which has been a feature of the church, gave a fine performance of popular music.

Following the dining room service, the program of the evening took place in the auditorium of the church, with Mrs. E. E. Rollins, president of the Society of Women's Work, presiding. After an opening speech by the chairman, the following interesting talks were heard: "Initiating the Work," Harry L. Topping.

"What the Women Did," Mrs. E. B. Croxson and Mrs. Fred Snow. "The Finished Task," J. P. Lueth, chairman board of trustees. "Congregational Appreciation," B. B. Ferris.

The financial statement read by Mrs. Snow showed a total expenditure of \$6500, which has been paid from pledges and special gifts, with the exception of a few hundred dollars. The Women's Society made a contribution of \$1600.

An impressive dedicatory service was conducted by Pastor Creighton and the singing of the Doxology and the benediction brought to its close a very happy and hopeful evening in the life and work of the church.

FORMER RESIDENT IS BURIED IN MD. GROVE WEDNESDAY

Mrs. Mary E. Gordon, widow of the late William Gordon, a landscape gardener at the State Hospital about forty-five years ago, died at her home in LaCrosse, Wis., last Saturday after a brief illness. The body was brought to Kankakee yesterday for burial in the family lot at Mound Grove cemetery.

A daughter, Miss Alice Gordon accompanied the body, and was met at the train by several oldtime south side friends of her mother. The service at the grave was conducted by the Rev. David Creighton of the First Presbyterian church.

The deceased was born in Hartford, Conn., but in early life moved with her parents to Illinois. She came to Kankakee about fifty years ago and was married here. Her husband died in 1888 and was buried in Mound Grove. Shortly afterwards Mrs. Gordon with her little daughter went to Pontiac, where she had previously lived, to take a position at the state reformatory. After some years they moved to LaCrosse, where the daughter was a teacher in the State Normal school. Miss Alice was an only child, and is the last surviving descendant of her family.

The \$5,000 automobile damage suit brought by Roy E. Smith, Chicago, against Claire Mann of Rockville, was started before Judge A. W. DeBelin in circuit court this morning.

The suit is over an accident which occurred July 30, 1928 at the intersection of Highway 44 and the narrow concrete road running west out of Manteno. February 13

The \$5,000 automobile damage suit brought by Roy E. Smith, Chicago, against Claire Mann of Rockville, was started before Judge A. W. DeBelin in circuit court this morning.

The suit is over an accident which occurred July 30, 1928 at the intersection of Highway 44 and the narrow concrete road running west out of Manteno. Smith contends that due to Mann's negligent driving the plaintiff's car turned over in a ditch to avoid a collision at the intersection. Smith's wife, sister-in-law and two small children were injured in the accident. The case was expected to go to the jury this afternoon.

Judge DeBelin awarded a divorce last evening to William F. Trik who charged his wife, Thekla, with cruelty stating that she repeatedly beat him and used vile and abusive language. The couple were married Feb. 15, 1929 and separated April 1st. Attorney John A. Mayhew represented Trik.

The extra panel of 15 jurors summoned on court order for the Brangan murder trial were dismissed by DeBelin yesterday, as were several of the regular panel which left 24 jurors remaining to try cases this week and next. There were 34 on the original panel and the 15 in the special venire increased the total to 49.

The hearing on the two appeals of Otto Lawson, charged with assault and battery, were defaulted yesterday afternoon when the defendant failed to appear. Lawson had been fined \$50 by Justice C. H. DeBelin on an attack upon Mrs. Elizabeth Mann, county welfare director, a 60-year-old woman, both offenses being committed in this city. Lawson must now pay the fine.

State's Attorney T. R. Johnston announced that the trials of Harold Forbes and Frank Davis, Cheshane men accused of arson and conspiracy, will be held Feb. 13 instead of being continued to the May term of court because of illness of one of the defendants.

FARMERS TODAY WERE GUESTS AT HARVESTER PLANT

About 250 farmers of Kankakee and surrounding territory, today were guests of the International Harvester Company, at the plant on North Schuyler avenue.

Following the lunch served at noon in the building, there were several talks on subjects interesting to farmers, especially in relation to farm machinery and its advantages in modern agriculture.

There were several reels of motion pictures along this line shown, also talks illustrated by lantern slides.

O. F. Stark, assistant manager of the Kankakee plant; L. P. Hildenbrand, service manager of Kankakee; and George Klutz, Kankakee serviceman, were among the speakers. Assistant States Attorney C. W. Kurtz also gave a talk.

HAS NEVER MISSED DURING NINE YEARS

The Rockville Junior Home Bureau met at the home of Mrs. Harvey Mart for an all day meeting, Saturday, January 26. A delicious cafeteria lunch was served at noon which was greatly enjoyed by the members present.

A lesson on "Personal Efficiency" was presented by Miss Doris Mann and Mrs. Charles Noble.

Plans were made for a card party to be held at the home of Mrs. Mart Wednesday evening, January 29.

The Rockville Juniors are very proud to claim Miss Taylor, who is also county publicity chairman, as a member. Such members are the ones that the Home Bureau needs and appreciates.

Newton, Ill., Jan. 29.—George Dovel, who had a map purporting to show the location of a buried treasure in Missouri, was shot to death in the night of December 10, last.

New York has a new-born doctor and

is due to inactivity of the pores.
Pape's kills cold germs, opens the
sinuses, takes germs and the sym-
ptoms of cold right out of your
system.

THE Agricultural Department of the New York Central Lines initiated the thriving 4-H Club movement in Champaign County, Ohio, and helped carry it through to success.

So the Big Four proudly calls attention to the great day when the 4-H boys and girls showed their steer calves to a great crowd at Urbana just before taking them to the market.

Fifty alert, happy young exhibitors with fifty sleek Herefords, were a prophecy—more eloquent than words—of the future of youth on our farms.

In its basic task of transportation the Big Four is closely linked with the interests of the communities it serves, and with none more closely than with that other basic industry, agriculture.
